what our customers say ...

"I want to personally thank you for helping Renegade Marketing execute two events for IBM - on two different continents in the same week - flawlessly. The dimension that you add to our events has become the cornerstone of successful entertainment for a very discerning, high-tech clientele. That, coupled with your high degree of professionalism, attention to detail, and turn-key execution gives everyone in my group one less thing to worry about when it comes to planning an event of this size and scope."

~ Renegade Marketing Group

"Thank you so much for the enthusiastic presentation of the virtual reality machines featured at the Lake Mead Hospital Party. Your equipment was truly a hit. As we had hoped, both the Cyber Unit XLR8 and the Immersion Chamber were on the forefront of technology. Numerous doctors were amazed and pleased to experience such exciting activities. Thanks to your expertise, in addition to the professionalism of other vendors, we threw the greatest party Lake Mead Hospital has ever witnessed."

~Merica, Burch, & Dickerson

"The virtual reality experience was a huge success for Sierra Pacific! Almost 8,000 visitors visited our booth - our biggest turnout ever! I am looking forward to our next event, because I know the VR will be a huge success there as well."

~ Sierra Pacific Power Company

"A very sincere thank you for your participation in the McNeil Consumer Healthcare Event. It truly was a tremendous success. A lot of that can be attributed to the efforts put forth by Digital Tech Frontier. We received several accolades, especially those complimenting the quality of the games you provided. The virtual reality games added a unique interactive experience to the evening."

~Merestone Productions

"The event was a huge success, with much of the credit going to your staff. The enthusiasm, friendliness, and patience of your crew were remarkable. It was great fun to watch the physicians race the luge and cars. These men and women don't often have the chance to 'let their hair down,' but it was evident that your virtual reality equipment provided them the opportunity to do so."

~Saint Joseph Hospital

"Scott traveled all the way from Phoenix, Arizona to Santa Ana, California to promote our fist Virtual Reality Party. It was a complete success, and everyone enjoyed the V-Topia experience, including our President."

~Planet Hollywood

"Thank you for a virtual reality system that truly defined excellence. Your professionalism was appreciated and made my work much easier. You tackled all of our challenges with 100% efficiency in planning and execution. Your product is outstanding in design and appeal, and the lines at the virtual reality couches were a testament to the popularity of the product."

~Mallory Factor

"I'd like to thank Digital Tech Frontier for the most outstanding equipment we've ever used. Our exhibit at the California Computer Expo attracted record crowds, allowing us to further the University's image as a leader in high-technology education. Your innovative technology catapulted us above other exhibits; the fresh approach showed how high-tech hardware combined with original thinking always gets results."

~University of Advancing Computer Technology

"...Your professionalism was apparent by your focus on customer satisfaction. This was evident to all of us by the response you and your team displayed in modifying the ramp to the theater, making it easily accessible to several of our wheelchair employees. The reaction of all the AT&T associates who visited your Virtual Sensory Theater was truly outstanding."

~AT&T

"I want to thank you for your patience, creativity, and dedication in developing this project. Your drive for the Florida Fun Train to succeed is commendable. The excitement created by Virtual Scentsations is evident in the response of the staff here at First American Railways."

~First American Railways

"Thank you for all your help with the Hewlett-Packard event in Honolulu. You have been so delightful to work with! Your response to our requests, your continual follow-up, your flexibility, and your service to our client on-site made my job much easier! We will recommend Digital Tech Frontier for your high-quality and unique virtual experience machines, and especially for your high level of service!"

~Nuances

VIRTUALITY PODS

**Real 360°
entertainment**

Virtuality 360° Experience Gaming Pods

The Virtuality Pods are, truly, the ultimate in virtual reality experiences! Step onto the futuristically molded platform, don the 3D Head-Mounted Display (HMD), firmly grab hold of your interface controller and prepare yourself for a healthy dose of interactive 360° virtual gaming excitement inside the most advanced virtual reality system on the market - a must play for gaming enthusiasts and

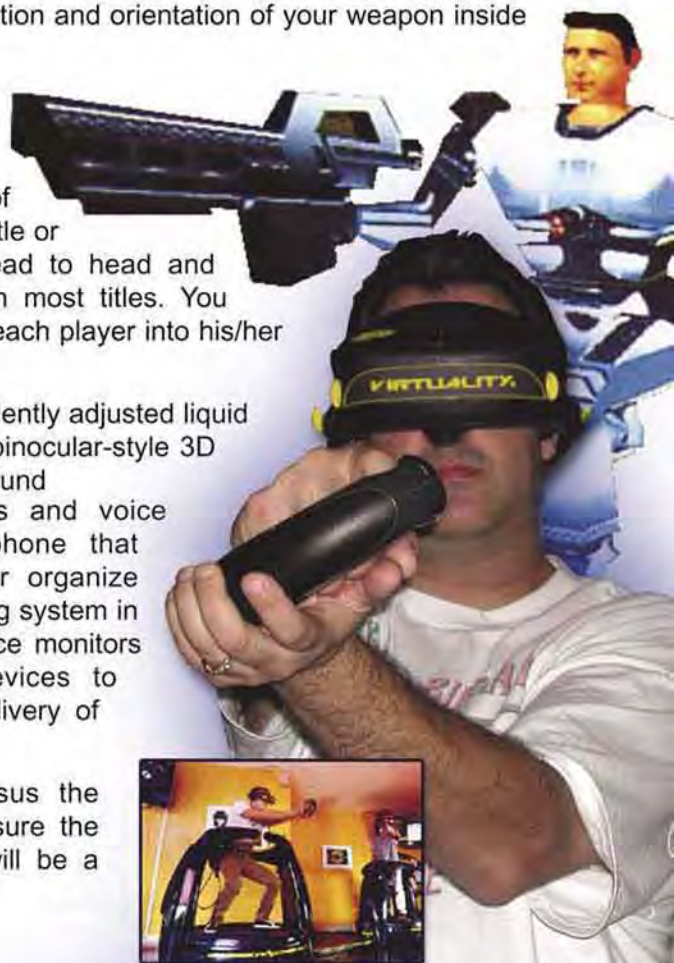

the curious alike!

This fully immersive system allows the user to turn freely in any direction to facilitate awareness of the virtual environment around you. Special sensors in both the HMD and the hand controller independently register movement within 3-axis space. This means you can duck out of the way of danger, look straight up at a prehistoric creature trying to eat you and point/tilt the weapon in your hand at the approaching enemies - all at the same time! You can actually see the position and orientation of your weapon inside the environment!

To further intensify the experience, you are not alone! Through a networked environment, participants are linked together creating the ultimate challenge of the electronic gaming... an electronic battle or melding of the human minds. Both head to head and cooperative game play is available with most titles. You become part of a system that immerses each player into his/her own unique experience.

The high tech HMD houses two independently adjusted liquid crystal screens that provide a full color, binocular-style 3D visual experience. The Quadra-phonic sound system delivers spatial sound effects and voice communications integrating a microphone that allows players to taunt each other or organize offensive strategies. An advanced tracking system in both the HMD and the handheld interface monitors the angle and position of these devices to accurately represent the player and delivery of spatial sound effects in virtual space.

With its relatively small footprint versus the massive amount of attention and exposure the Virtuality Pods generate, this system will be a genuine hit with any venue.

Specifications:

Dims: 10' x 4' x 5'
Power: 110v 5 amp
People/Hour: 30-60

VIRTUALITY PODS

SOFTWARE

Zone Hunter

Zone Hunter challenges you to take the role of a 21st century urban warrior in a deadly search and destroy mission. Master "state of the art" fire power to survive mean city streets, alien infected sewers and many other hazardous zones in your desperate life or death mission. But time is against you! Three different power up pods are hidden throughout the city: Invincibility, Speed Up and Weapon Upgrade. Zone Hunter is a skill based game involving increasingly difficult levels of play. The better you are the further you get and the longer you play.

Virtuality Boxing

Virtuality Boxing is a virtual world boxing game, the object of the game is to beat your opponent by a knockout. Players fight it out in this "brutal" yet skillfull art for the Virtuality Boxing Championship Title. Skillfully landing the right combination of punches will quickly wear down your opponent. All damage to the opponent's face is delivered in glorious, full textured detailed-flying gumshields, swollen lips, bent noses and blackened eyes! The hand held joystick is the player's boxing glove. To throw a punch, a player simply throws a punch in the real world, the actoin is duplicated in the virtual world.

Dactyl Nightmare Race For Eggs

The world is about to be invaded. Pit your wits against the prehistoric Dactyl as it lays eggs everywhere. Find an egg and simply take it back to the central chamber. You've got 4 different chambers to visit. Opponents will try anything to make you drop an egg - even shoot you. The Dactyl alerts everyone, when you pick up an egg, by shrieking - so watch out. Look out for the golden egg as you are in a race against the clock. You won't sleep through this nightmare! 4 players can chase the eggs - each one choosing a different colour egg to collect.

Virtuality Pac-Man

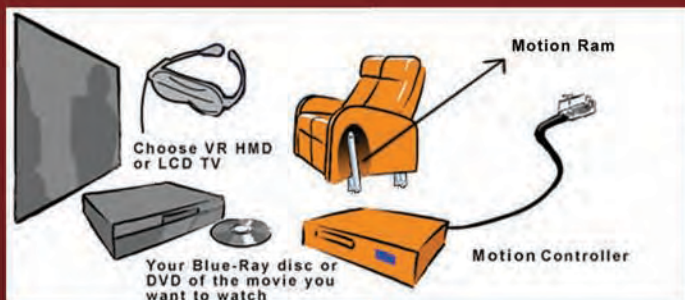

This VR Revolutoin is an adaptation of the classic Namco arcade game, "See the World through PAC-MAN's eyes". PAC-MAN fever is spreading again with this new fully immersive 3d virtual reality game in which the player actually becomes PAC-MAN himself. Eat up all the the power dots before you get eaten by the ghosts!

Missile Command 3D

The goal in Missile Command is to defend your cities against an onslaught of missiles coming from the sky. Your arsenal consists of three anti-missile flak cannons and a laser. You have to position the anti-missile clouds in the path of the incoming missiles to stop them from impacting. Experience intense combat as you protect your station from invasion. You play the game from a first-person perspective, and must switch between the three cannons. As you advance through nine extreme levels your work is not done until you defeat the boss at the end of each level. Do you have what it takes?

MOTION MOVIE COUCH

COMBINING **HOLLYWOOD** MOVIES &
Disney THEME PARK FUN !

"Your professionalism was apparent by your promptness and focus on customer satisfaction"

...AT&T

"I was very impressed with the "Virtual Reality experience," and I can see why so many people were in attendance at this year's show."

...Prism Radio Partners, L.P.

Our sophisticated motion simulation system physically moves the seated occupants horizontally and vertically with up to 2G's of acceleration and torque. This dramatic motion is precisely synchronized with on-screen action, further immersing participants as they physically experience accelerations, turns, jumps and levitation. Imagine experiencing the exhilarating acceleration of a Saturn 5 liftoff in "Apollo 13", or the radical turns and extreme acceleration of NASCAR racing.

You're moved in perfect synchronization with the on-screen action and sound. You share the same motional forces as the actors themselves as your fully immersed in the movie.

(Actual VIP Event)

The MMC Integrated Motion System(IMS) is the next dimension of your cinematic experience. Taking you into the movie itself, MMS obliterates the wall between watching a movie and sharing the emotions, movement, and action of everything you see and hear. You actually feel the rush of flight, the bumps in the road, the pulse of ocean swells on the shore -all of the on-screen action is brought to you as never before.

Interactive Motion Gaming Simulator

The Ultimate Personal Motion Simulator

For the ultimate in high velocity immersive experience, look no further! The E-Motion Simulator allows you to experience multiple simulations in one versatile system that YOU control! Feel the G-Force of an F/A-18 fighter plane, the turbulence of a speeding race boat, or the rumble and tumble of an off-road dune buggy race! E-Motion Simulators will provide you with every rocking, rolling, adrenaline-pumping race you've ever dreamed of!

With E-Motion's sophisticated dual-axis motion, you'll experience the same realistic full motion used in the U.S. Government's simulator training programs!

E-Motion Simulators Incorporates:

- Totally interactive gameplay
- Advanced motion control systems with build in joysticks
- Personal virtual reality head-mounted displays for the ultimate in first-person game play
- Sound Chamber seats for added realism (Feel the rumble of your race car!)
- External LCD viewing monitor included
- 2G's of acceleration
- 3 axis - yaw, pitch and roll

Specifications:

3 seats per row
Dims: 7' x 4' x 4'
Power: 110v 15amp
People/Hour: 36

3D Sight

Each theater seat is equipped with a personal headset for viewing the VR experience. Designed to eliminate extraneous light, the head-mounted display (HMD) delivers superior 3D stereoscopic image quality (180,000 pixels per eye) providing a big screen experience with a lightweight feel (23 oz). Whether you are exploring the past in the Great Pyramid or fighting for the future in alien space, you will believe you are in the vision! (The HMD conveniently fits both adult and child head sizes and can be worn with glasses.)

Mobile Sensory Theater

Fiesta Bowl Party

Bi-Aural Sound (())

To further enhance the experience, motion picture quality soundtracks have been incorporated into each virtual environment. Bill Brown, an understudy to John Williams (STAR WARS), custom-composed the audio tracks with music to make your spirit soar and your heart race.

Tactile Feedback

With the Wave Chamber audio feedback system, you will feel the action reverberate through your body! The Wave Chamber, located in the base of each theater seat, delivers audio feedback and pounding vibrations, providing a much more engaging and realistic experience. Whether it's the rumble of a race car or the blast from a rocket ship, you will feel as if you are truly inside the experience.

IBM Tradeshow

3 Axis Motion (Addition)

Our sophisticated motion simulation system physically moves and lifts the seat occupants horizontally and vertically with up to 2G's of acceleration and torque. This dramatic motion is precisely synchronized with on-screen action, further immersing participants as they physically experience accelerations, turns, jumps and levitation. Imagine experiencing the exhilarating acceleration of a Saturn 5 liftoff in "Apollo 13", or the radical turns and extreme acceleration of NASCAR racing.

SENSORY THEATER EXPERIENCES 1 / 2

Glacier Run

Slide into your modified snowplow with skis as you plummet down a windy icy track in the Arctic that will take you on a wild ride you will never forget. As you glide at high speeds around slick snowy tracks, jumps, and turns, you will have to push ice blocks towards their final destination. As you're racing downwards you will be launching over massive jumps while avoiding falling down huge gorges and cliffs. Your adventure will take you up and down almost vertical hills and tunnels as you try to dodge the elements. Do you have what it takes to get to the finish?

Aqua Adventure

Hop on in your underwater vessel as you are about to be on a one of a kind under water and land roller coaster ride into the depths of the jungle and sea. As you dive deeper and deeper to the bottom of the ocean prepare your self to enter the land of giant clams before we are soon led by dolphins to a secret under water castle. The carnival coaster ride continues to the jungle where you experience a surprise that plummet's you to mounds of pirate treasure as you avoid being a great whites early dinner. Do you think you're adventurous enough for this dangerous excursion?

Magic Carpet

Imagine you're in a race against time to be a hero and save the day as you hop on a magic carpet and take off on a wild adventure. You will need to have your flying hat on today as you will have to maneuver around flaming balls of lava and booby traps while whipping through waterfalls and caverns! This is only the tip of the adventure as you come face to face with a huge angry dragon and an ocean of bubbling lava as your fighting time to save the princess. Experience flying at high speeds as you navigate around the most difficult obstacles over coming fear and becoming a hero. Are you ready for the challenge to save the day?

Astro Canyon Coaster

Step aboard an exciting roller coaster and explore the uncharted planets of a galaxy system far away! There is breath taking scenery as you are traveling at the speed of sound jumping of tracks and traveling upside down for the most intense action packed thrill coaster of a life time!

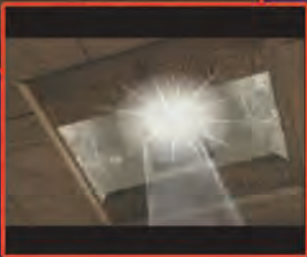

Kid Coaster

Buckle your seatbelts because you're in for the ride of your life on a roller coaster that is built in a giant size toy room that touches the ceiling! In this adventure you are navigated though the most insane track that utilizes every toy and nick knack in the toy room to provide you with most unique coaster ride of your life. You feel like you're the size of an ant as you are slung shot through hills, twists, turns, and jumps while barley escaping collisions with tons of different toy scenes built all over the room. If you've got the need for speed, and think you are good enough at steering, you might make it to the end!

Mars

Your tour begins with you being launched at light speed towards the planet mars as you maneuver your way through an asteroid storm on your way to explore a city of the future. Explore the future civilization on this harsh unforgiving planet as you whip around dark tubes and corners while avoiding shooting fireballs on your way to escape the planet and find your way back to your space station. Do you have the flying skills to get your way off the planet?

SENSORY THEATER EXPERIENCES 2 / 2

Hang Gliding & Scuba Diving Adventure

Imagine hang gliding through a deep scenic canyon, smelling the wildflowers and flying so close to the river that you feel as if you can touch the water. Along your journey through nature's wonders, you fly through an arctic forest, the smell of the evergreens conjuring warm memories of the holiday season. You soar high into the clouds, dancing with the birds and witnessing a magnificent sunset. The journey then takes you into the ocean, where you'll swim among tropical fish and friendly dolphins. Experience an adventure beyond your imagination.

Explore a Haunted Castle

Enter a spooky castle where each eerie room will make your hair stand on end. You'll smell the boiling magical brew and watch a mysterious sorcerer weave the spell that brings the inhabitants of the castle to life! See skeletons being tortured in the dungeon and sword fights between suits of armor. You'll scream as you witness dragons, gargoyles – and a shocking ending. This one will keep you on the edge of your seat!

Time Gate to Egypt

Your journey begins in a futuristic spaceport. From here, you will travel, not only to another place, but also to another time. Your destination: Egypt, 2000 B.C. Experience firsthand the awe and mystery of ancient Egypt. Smell the damp, eerie catacombs far beneath the earth and the smoke of blazing torches that light the way. Then your adventure takes you to the core of the Great Pyramid for an unexpected surprise; then hurls you skyward – back home through the time gate. What a trip!

Extreme Sports Car Racing

Accelerate into the future with this combination racecar experience/roller-coaster ride. You'll thrill to loops, spins – and even an airborne drop amid hot air balloons. Smell the trees, tunnels, mountain air, and the burning rubber of your competitor's car as you maneuver through the countryside at incredible speeds. Immerse yourself in the spectacular views of the surrounding landscape and the intense soundtrack of Joe Satriani. Feel the thunder of the 600-horsepower engine rumble through your body as you power out of hairpin turns at full throttle.

Space Search and Rescue Mission

The year is 2214. The earth's natural resources have been exhausted, and now humans inhabit Mars. In order to sustain life, huge ore-gathering spaceships explore the outer reaches of space collecting valuable minerals. A ship carrying the President of Earth has been damaged and has only three minutes of oxygen left! Experience acceleration through hyperspace and battles with aliens, while navigating through asteroids to attempt the rescue! Will you make it in time!

Can You Tough It Out In White Water?

It's time to put on a helmet, climb into an 8 foot long piece of ultra-light A.B.S plastic and hurtle yourself down the most treacherous whitewater gorges in the world. Welcome to the world of Extreme Whitewater Kayaking.

Kayak Extreme places the double bladed paddle in your hands to test your abilities in the ultimate white-knuckle water sport. It's you against the clock in this test of strength, endurance and guts. The championship kayak circuit will take you to white water action around the world, from thunderous tropical rapids in South Africa to the sub-zero glacial flows of Alaska. Upgrade your boats and paddles to stay competitive, and be ready for anything around the next bend. Speed and adrenaline is the order of the day, and in Kayak Extreme, even the toughest racers wear skirts.

Kayak Extreme offers the ultimate in white water realism. Incredible state of the art water physics hurtle your kayak through dazzling 3D environments. Crash through giant haystacks, and hurtle yourself off waterfalls enshrouded in clouds of mist. You'll need every advanced kayaking maneuver in the book to navigate these ultra-realistic courses. Pirouette through deep eddies, and Eskimo roll right under fallen logs to line yourself up for that next gate. Combined with authentic kayak racing elements such as detailed time models, reverse gates and buoyancy maneuvers, Kayak Extreme defines the new standard in kayaking simulation.

Skee-Ball Presents:

Base Hits™

Display Panel

Base Hits

An exciting new sports themed alley concept that simulates the All-American game of baseball by rolling balls into scoring pockets to advance runners around the bases on the display. Score as many runs as possible to win tickets.

Target Board

You will hit a homerun with your audience with this all new attraction! A great mix of skee ball with an exciting American baseball twist!

From the moment you step up to the plate you will see this isn't your normal kid's skee ball attraction this is your one of a kind sports charged game to the max. This special edition 10 foot arcade game package comes with real wooden game balls and winning tickets. So step right up and try your three (9 balls) "swings" for your homerun ticket!

SPORTS BAR

GAMING PACKAGE

"We received several accolades, especially those complimenting the quality of games you provided. The virtual reality games added a unique interactive experience to the evening...It truly was tremendous success."

...Merestone Productions

"Your product is outstanding in design and appeal."

...Mallory Factor Inc.

For all you sports fans looking for that classic head to head competition in one package, you have come to the right place. Prepare yourself for the all in one Sports Bar Gaming Package that transforms any room into the most intense, fun filled competitive sports environment. Shoot some hoops with Hot Shot Basketball where you're in a race against time to sink as many buckets as you can. For you soccer players, grab some competition and see who can light up the back of the net on our custom Foosball Table.

Don't worry baseball fans we got Skee Base hits which combines base ball and the all time favorite Skee Ball for classic intense competition. Then step into the jungle against vicious dinosaurs in Jurassic Park Shooter or our Pinball version. For you extreme sports enthusiasts, hop off a cliff and glide through canyons on our Hang-Gliding Simulator, or hop behind the wheel of a Ferrari and take turns and jumps in Rave Racer. Whatever your pleasure may be, this Sports Bar Gaming Package will fulfill all you sports fanatics.
